

NORTH DAKOTA  
May 6, 2011

Dear Potential Futurity Exhibitors:

On behalf of the North Dakota Quarter Horse Association, we would like to take this opportunity to welcome you to participate in our 2011 Futurity Event which will be held at the North Dakota Winter Show Building, Valley City, ND on September 8, 9, 10 and 11.

We continually strive to make our futurity a worthwhile and positive experience for all who participate. Because of the hard work and organizational skills of our members, we take pride in promising an excellent show.

We are excited to announce the initial year of the NDQHA Super Horse performance competition. Any weanling entered in the weanling halter classes this year will be eligible for the first Super Horse competition. Additional details will be finalized by and announced at this year's futurity.

We are also adding a Non Pro 6 & under reining derby that will run concurrently with the AQHA approved amateur reining class.

Based upon previous years, we anticipate payouts to our futurity participants of an estimated \$15,000.00. Jean Fredrich will be our Futurity secretary which means both show and futurity entries will all be handled in the show office. To accommodate the youth **no youth classes will be held until Friday, September 9th beginning at 4:00 pm.**

We hope to see you there.

Sincerely,  
NDQHA Futurity Committee  
North Dakota Quarter Horse Association
